

Reader comments for *Shortwave Receivers Past & Present - 4th Edition*

Thanks for the wonderful book -- you really hit it out of the park.- Dan Robinson

My hat is off to you my friend, and the tremendous endeavor that you took on and succeeded in completing in such a marvelous fashion. - Les Locklear

It's a book that in one place wraps up more information about an era than any 20 people could bring to the table.
- Avery Comarow W3AVE

Amazing work. - Mario Stutterheim KD2BXA

WOW, WOW, WOW. - Richard McKlung WA6KNW

The SWL community thanks you for providing us this great reference to the equipment we love!
- Tom Marcotte N5OFF

This 4th edition is simply a masterpiece which will provide many hours of interesting reading in addition to immediately becoming recognized as the most authoritative reference on the subject. Thanks for this wonderful contribution to our hobby. - Robert Baumann

It's a fine book, greatly expanded, and I'm going through it slowly. I didn't know there were that many receivers made that I haven't heard of. - John Reed KA5QEP

Just received a copy of the latest edition of "Receivers Past and Present." All I can say is WOW. - Paul Katz W5NTQ

The definitive reference in short wave receivers.
- Bertrand Velle

Wow! Best reference book on Shortwave/HF receivers ever published anywhere. - David Whiting

The book is INCREDIBLE! Wow--I'm having so much fun digging through all of these receivers!
- Thomas Witherspoon

A true work of art. - John Wagner

Absolutely fabulous. - Dale Parfitt W4OP

A wonderful book. It impressed me. - Hideo Kanemichi

Fine job ! Many memories with those old receivers.
- Hervé Brien F6CZL

A truly remarkable compilation of so many receivers.
- Peter Markavage

A magisterial tome. It is absolutely excellent and anyone half interested in receivers MUST go and spend his pennies and buy it. - Michael O'Beirne G8MOB

A really monumental work. The hardcover is very welcome for this robust "RX Bible"!!! Congrats on including many manufacturers that I never heard of.
- Joerg Klingenfuss

I am super impressed with the 4th edition, especially regarding the history of the manufacturers.
- John F. Clemens WØBD

The book has certainly become the go-to reference for data on any vintage or modern communications receiver.
- Kevin Carey WB2QMY

An amazing piece of work. A classic reference book has become even better. - Karl-Arne Markstrom SM0AOM

This book will be a treasure of a lifetime.
- Minamoto Junichi JA1VHZ

I was amazed by the number of different manufactures and models of receivers in the book. I had no idea.
- Tom Vilov W3FLC

AMAZING! I believe this is the right word for the book. It's an encyclopedia! - Vincenzo Italia

It deserves to be on every bookcase.
- David Knepper W3CRA/W3ST

What a monumental reference work. It exceeds my expectations, and probably everybody else's too. There is so much new material, that it is almost a completely new work.
- Clemens Stubbe Østergaard

It is truly a masterpiece and will have a place of prominence on my library bookshelves.
- Joe Veras K9OCO

For me this is the bible of receivers or the *Janes* of the radio world. - Steve Darveniza VK4VN

Congrats on your new receiver book. I've consulted Mr. Webster, but all the superlatives are inadequate. - Gerry Dexter

Wow, what a wonderful job. A real goldmine of information.
- Chuck Penson WA7ZZE

It is flawless, excellent paper, printing and solid covers. But mainly, it is the research task on shortwave receivers what makes this piece of work truly unique.
- César Arístides Menard LU2HAR

The book is amazing! - Tom Taylor N7TM

Amazing how heavy and well printed the luxury book is.
- Serge Matveyev UA1OSM

A magnificent work which will become the "bible" for those interested in receivers. - Dick King M5DIK

What a magnificent effort. A treasure trove of information that will have our community drooling for years.
- Dave Merrill N9ZC

Absolutely, totally, irrefutably RECOMMENDED!!!
- T.J. "Skip" Arey N2EI

This is a valuable resource, as well as nourishment for your nostalgia. It may be a bit harder to pickup than most books, but it's harder yet to put down.
